

CONTINUOUS TWO FLAP SEALER

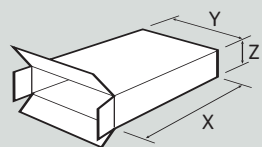

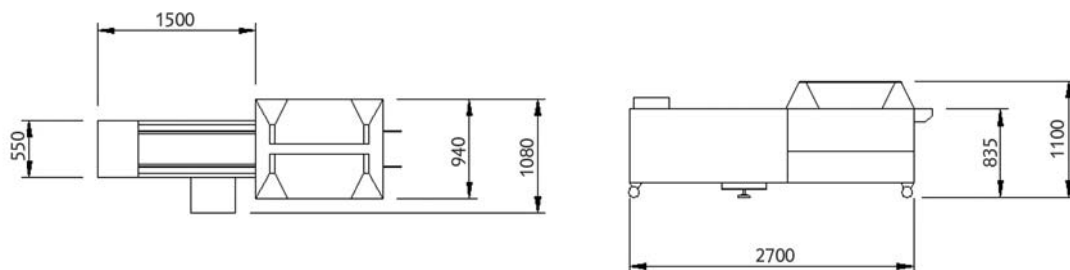

FUNCTION

The operator manually erects and loads the carton with the product. The carton is then placed into the machine's infeed conveyor. The carton is automatically detected and applied with glue, then folded and sealed at both ends before being ejected through the end of the machine.

CONTINUOUS TWO FLAP SEALER

Technical Details

Electrical requirements	Supplied with a 3 metre cable complete with a BS 4343 plug for connection to a single phase 16 amp supply
Lifting weight	400 kilos. Ideal lifting points marked for fork truck offloading
Adhesive type	Standard packaging grade Hot Melt or Coolmelt glue
Alternative specifications available for worldwide installations	

Capable of sealing up to 60 cartons per minute

Fully adjustable for a wide range of carton sizes

X - 80 to 300mm

Y - 50 to 250mm

Z - 20 to 100mm

Other sizes not shown can be run with modification (subject to quotation). Restrictions apply to certain combinations of sizes.

MAIN FEATURES

- Glue jet applicator ensuring consistent, economical and reliable carton sealing
- Full safety interlock system to give easy access to the machine while being safe and simple to operate
- Simple and easy size change that can be completed in under one minute
- For use with a wide variety of adhesives and carton materials
- Mainly stainless steel and aluminium construction
- Built on a one piece stainless steel frame fitted with castors making the machine both robust and easily mobile
- Sealed for life maintenance free gearbox and bearings
- Built to stringent quality control procedures to ensure customer satisfaction
- Simple and easy to understand machine controls
- Available with a wide range of options and specifications to suit individual customer requirements

"We have built our reputation on a number of core values - quality, reliability and innovation. The experience of our technical engineers and their focus on customer satisfaction has created a product range that is simple, robust, hygienic and can be applied to most sectors including food, cosmetics, household goods and healthcare."
