

# MODEL 517 XHD **SCRAP CHOPPER**

## An Excellent Chopper for Processing Large Volumes of Linear Scrap

**The Model 517 XHD provides a large cutting capacity. This is the chopper of choice for custom applications or for operations converting substantial quantities of linear scrap materials.**

Prepared for an abusive environment, this scrap chopper has a strong 1/2" plate steel housing. The Model 517 XHD also features a magnetic starter to protect workers from an unexpected restart after loss of power. The powerful air activated feedworks is controlled with a footswitch for operator safety, and is also capable of despooling scrap materials from reels. Additional safety options are available.

### **Material Reference**

The recommended model of scrap chopper is determined by scrap size, scrap volume, and requested custom features. Please consult a Sweed representative to determine the appropriate scrap chopper for your application.

- » Up to 1½" x .046" domestic steel banding
- » High-tensile bale wire
- » Solid Aluminum and Copper bar
- » Tube and pipe
- » Aluminum coated cable
- » Other jacketed and non-jacketed wire and cable

### **CONSTRUCTION FEATURES**

- » Magnetic starter
- » Footswitch controlled air activated feedworks
- » Infeed funnel with "Anti-Kickback" flap
- » Knives can be rotated (4 times) for extended life
- » One year warranty
